PERFORMANCE FACIAL TREATMENTS

Select the level of facial you would like to have and our experienced therapists will custom develop your facial treatment at each and every point. We're never restricted by pre-set facial recipes, and that's our point of difference. Every facial will be different depending on your skins needs. We'll have a brief consultation before your treatment to ensure we're providing you with the greatest results.

Each of our luxurious facials can be custom designed to target:

Acne, Scarring, Congestion, Dehydration, Dryness, Redness, Rosacea, Ageing, Sensitivity, and more.

Level 1 Performance

45MIN \$89

Designed for maintenance after a course of treatments, level 1 gives your skin a boost of actives and maintains the results you've achieved. It's a great introductory facial if you've worked with us before or if you're trying new products.

This treatment may include:

Customised cleansing, Exfoliation, Décolletage treatment, Extractions, Custom blended facemasks and more.

Level 2 Performance

60MIN \$135

Designed with more power than Level 1, this facial will work on how your skin is functioning and begin to create cellular changes. You'll leave this treatment with reinvigorated skin, and a mind and body that feels completely refreshed.

This treatment may include:

Customised cleansing, Exfoliation, Décolletage treatment, Extractions, Custom blended facemasks, Serum infusions, Massage of the face, neck and shoulders and more.

Level 3 Performance

90MIN \$189

The most popular facial on our menu. The crème de la crème of performance facials. Your therapists have free range of equipment and ingredients to really create some significant changes to your skin. With time to relax, unwind and in the care of an expert with pampering hand and expert techniques, you'll wake from this facial feeling totally restored.

This treatment may include:

Customised cleansing, Exfoliation, Décolletage treatment, Extractions, Custom blended facemasks, Serum infusions, Massage of the face, neck and shoulders and more.

COLLAGEN INDUCTION THERAPY

Collagen Induction Therapy

1HR \$300

Course of 4 recommended.

Skin needling is an increasingly popular skin renewal technique to restore the healthy youthful appearance of your skin at a fraction of the cost of comparable treatments and with minimal downtime. It is a safe, simple treatment for fine lines and wrinkles, lack of skin firmness and elasticity, scarring, acne, enlarged pores and sun damage.

The results of skin needling are similar to those of lasers or deep chemical peels, but it is much less invasive and does not require the removal of the skins surface. Healing time is much shorter as a result of this, and there is much less post treatment sensitivity. It is also one of the few treatments that is suitable for all skin types, including ethnic skin and fragile skin around the eyes, mouth and on the neck.

Skin needling allows for controlled induction of the skin's self-repair mechanism, by creating micro-injuries that trigger new collagen synthesis. Visible signs of skin rejuvenation are seen just 6-8 weeks following procedure and continue for up to a year. The results are smoother, firmer and younger looking skin.

LED LIGHT THERAPY

10 x LED Treatment Prepaid Package **\$399**
LED Facial Add On **15MIN \$20**

Light, broken down into visible wavelengths, interact with individual cell functions to calm inflammation, act as kryptonite to acne, stimulate collagen production, hydrate deeper layers of the skin and restore a perfect internal balance. This treatment is completely non-invasive and UV free. It's all about working below your skins surface to communicate with cell functions.

LED treatment is perfect for all skin types and conditions, and is integral to restoring impaired, sluggish and inflamed skin conditions. We use a MAX+ LED machine- known for wavelength precision (vital for true cellular rejuvenation) and cellular response time; we've fondly nicknamed him MAX.
